

75

Designed for restricted areas but able to tackle larger open spaces when required, the 75 offers maximum operator comfort and the perfect sweeping results that can be assured with the Dulevo direct-throw system.

Dulevo's filtering system is designed to prevent dust (down to 3 Micron) from escaping into the atmosphere. To meet environmental requirements, this machine is available battery powered and LPG too.

The Dulevo 75 can be equipped with the GORE® filtering system, which can filter up to PM2.5, freeing the environment where we live not only from dirt and dust, but also from the dangerous particulates.

To simplify maintenance, the machine has been designed with easy access to the power unit and all major components. The waste container, which can be removed laterally, is characterized by its large capacity and easy handling ensured by 4 sliding wheels and a comfortable towing handle.

TECHNICAL DATA		75 EH	75 SH
Sweeping width (UNI EN 15429-2):			
- with main brush	mm	700	
- with Rh side brush	mm	950	
- width with Rh + Lh side brushes	mm	1200	
Hopper capacity	L	80	
Cleaning performance	m <sup>2</sup> /h	7200	
Maximum speed	Km/h	6	
Brand engine		AMER	HONDA
Fuel		Battery	Petrol/ LPG
Length x width x height	mm	1453 x 906 x 1285
